Volume of on going work

MGC are committed to grow, building on forty years experience and providing the right resources

Water / Environment project

- Value : **4.1 Billion** (SAR)
- Number of projects : **24**
- Components: Transmission
Pipe Lines, Strategic
Reservoirs, and O&M projects

Urban Development & Roads projects

- Value : **730 Million** (SAR)
- Number of projects : **10**
- Components: Road , Infrastructure and O&M projects

The background of the slide is a photograph of an industrial facility. It features several large green engines, likely generators, with prominent silver vertical pipes rising from them. The scene is set in a well-lit indoor space with concrete pillars and overhead lighting. A blue circular graphic element is overlaid on the left side of the image.

Innovative approach

- Innovative approach and adaptation to digital reporting platforms.
- Resources to ensure effective scheduling of Materials and equipment

Sample of our achievement

SWCC NEOM Water Transmission System

- Convey drinking water from Duba Desalination Plant to the High Point within very limited timeline **6 month**.
- 109 km of steel pipeline (**48in**)
- One Pump Station (**125,000 M³ / Day**) with tank farms.
- **5 strategic** reservoirs with total capacity of **850,000M³**
- Over than **1.1 Million** working hours with ZERO incident

Sample of our achievement

Waad Al Shamal Treated Water Transmission System

- Design and Execution of two phases treated water transmission lines between Skaka, Arar, Traif and Wa'ad Al Shamal Industrial City with a timeline of **(16 months)**
- **(393KM)** of Transmission pipelines with dim **(900mm up to 1400 mm)** .
- **8 Pump Stations** **(620,000 M³ / Day)**.
- **8 pressure break Tanks**.
- Over than **2.5 Million** working hours with ZERO incident

شركة مطلق الغويني للمقاولات
Mustaq Al-Ghowni Contracting Co.

Construction of highway between AlMadinah and Hail cities include:

- Two way four lane **highway 50 Km , Seven bridges** over wadi .
- Five overpasses Box and Circular culverts (**14 Box , 46 Circular**) Safety improvements and markings .
- Excavation & Mass Grading : (**6 Million**) Cubic Meters of Cut & Fill Over than **1.65 Million working hours** with ZERO incident .
